

## John Deere Mobile RTK Modem 4G LTE

<b>Reference:</b>	41062950	<b>Make</b>	John Deere
<b>Model:</b>	Mobile RTK Modem 4G LTE	<b>Spec:</b>	USED Mobile RTK Modem 4G LTE A mobile RTK correction signal is transmitted via cellular technology. This provides repeatable accuracy, even in scattered fields and in hilly terrain. The Mobile RTK Modem 4G LTE is fully integrated and attachable to the StarFire receiver. With two high performance antennas and the mounting position on the cab roof you have truly optimal reception and signal stability. It not only supports the latest 4G LTE mobile communication standard but also 3G as well as 2G as the fallback solution. In addition to the mobile RTK functionality, the modem can also be used in parallel as a WLAN hotspot to connect with your mobile devices.
